GRADING SYSTEM REPORT CARDS/PARENT BULLETINS

Report cards are issued at nine week intervals. In addition to receiving a letter grade in each course, students may be evaluated on other criteria regarding their performance in the classroom as posted by the instructor. Progress reports are issued at the midterm of each quarter. It is the responsibility of the student to take the reports home so parents/guardians can be informed as to the progress of the student (K-5). Students in grades 6-12 will have their reports mailed home. *Final semester and end of year grades will be given if students transfer 10 days or less prior to the end of the grading period. If it is prior to that 10-day window, a transfer grade will be given. Unusual circumstances will be dealt with on an individual basis.*

HONOR ROLL

The purpose of the Academic Honor Roll shall be to give recognition to students whose academic performance is of high quality. The honor roll shall be prepared four (4) times each year based on the grades earned each nine (9) week period.

At the middle school, all students must carry at least seven (7) subjects, except students taking band or choir, who will be required to carry eight (8) subjects. At the high school, all students must carry at least eight (8) subjects, except Area Vocational and Work-Study students, who will be required to have a minimum of five (5) classes. An AVC class and the job class for Work-Study will be considered one course. A student will be placed on the honor roll for each grading period based upon their Grade Point Average (GPA). Honors will be those with a 3.0-3.59 GPA and High Honors will be those with a 3.60-4.0 GPA. The calculation for grade point average shall be rounded off to three decimal places.

GRADING SCALES

Kindergarten & Grade 1:

S	-	Satisfactory	3	-	Consistently Mastered the Task
✓	-	Needs Improvement	2	-	Progressing, Needs Some Help
U	-	Unsatisfactory	1	-	Unsatisfactory

Grades 2

Grade 3-12:

A	-	Excellent (100-90)
B	-	Above Average (89-80)
C	-	Average (79-70)
D	-	Below Average (69-60)
F	-	Failing (59 and below)

In some academic areas and at some grade levels, learning checklists may be used in conjunction with or in place of the traditional grading system. Please feel free to discuss any questions with the teachers, counselors, and/or Principal. Students participating in Work Study Programs or serving as classroom aides will be graded on a Pass/Fail basis.

TESTING PROGRAM

A standardized testing program, required by the State of Illinois, is conducted in the spring of the year. The goals of the program are as follows:

1. Diagnosis of West Carroll curriculum in terms of strengths and weaknesses in specific academic areas, scope and sequence of content, instructional books, materials, supplies, and the amount of instructional time.
2. Identification of struggling learners who may need remediation such as Title I reading, special education services, or other forms of remediation.
3. Providing an analysis of West Carroll academic achievement compared to other students in both the state and nation.
4. Student promotion/retention as noted in Board policy.

PASS-FAIL OPTION

Any high school student may elect to choose one subject on a pass-fail basis. It may not be a **required** course for graduation. The subject chosen as pass-fail is taken on a regular schedule, and any grade above failing is listed as a "P" on the permanent record and receives credit toward graduation. A failing grade is listed as an "F" and receives no credit. A pass-fail grade is not counted for honor roll or class rank.

Teachers are to give regular letter grades for each quarter, but mark either “P” or “F” for each semester grade. The objective is to encourage the taking of additional subjects by students who are hesitant because of a concern about grades and Grade Point Average (GPA). Students have until the end of the 1st and 3rd quarters to declare a course pass-fail. The guidance counselor is to be notified, and a pass-fail form needs to be completed and returned with the appropriate signatures to the counselor no later than the last day of the 1st and 3rd quarter.

SEMESTER GRADES

High School Teachers will calculate semester grades as follows:

1 st & 3 rd Quarter grades	= 45% of semester grade
2 nd & 4 th Quarter grades	= 45% of semester grade
Semester exam grades	= 10 % of semester grade

If a senior meets or exceeds standards during their junior year PSAE testing, they are exempt from all semester finals their senior year. All students taking Advance Placement or dual credit courses will be expected to take the final exam.

WEIGHTED GRADES & TRANSFER

Any high school student transferring with weighted grades will be asked to document the percentage of each course. Then, that percentage will be placed on the honors grading scale and letter grades will be assigned.

GUIDANCE AND COUNSELING

Elementary and Intermediate Schools

The counselor at the elementary level is available to all students through classroom guidance classes which are preventative in nature. By addressing social issues in a positive, proactive way, the counselor teaches students useful social skills that strengthen self-esteem and decision-making processes. The counselor also works with teachers and families to address behavior and social/emotional concerns of individual students. The elementary guidance counselor is an integral part of all school efforts to insure a safe learning environment.

Middle School

The middle school guidance program focuses on three areas of development: academic, career, and socio-emotional development. A counselor is available to assist students through this transitional stage of life by providing classroom and individual guidance, and by working cooperatively with teachers, administrators, and families to assist students to be successful and involved in the school and the community. The counselor will, with the aid of the faculty, assist students in selecting courses, develop class schedules, and organize educational programs. The counselor coordinates state testing schedules and disseminates testing results. The counselor is also available to help with concerns at home as well as at school.

High School

At the high school, two guidance counselors are available to the students to provide assistance in the planning of programs to enable them to achieve their educational objectives. The counselors will, with the aid of the faculty, assist students in selecting courses of study, develop class schedules, and organize educational programs. Career information, study help, and test results will be provided. In addition, home problems, school and/or social concerns, or any question the student may feel he/she would like to discuss with the counselor can be addressed. Parents are encouraged to arrange an interview with the counselor concerning any phase of their student’s educational program.

REQUESTS FOR SCHEDULE CHANGE

Care needs to be taken on selecting classes. It is the philosophy of the West Carroll School District that all classes are for one (1) full school year unless stated otherwise.

Middle School

Changes in schedules at the middle school will be done at the end of a quarter except in specific situations. A conference with the administration, counselor, parent(s)/guardian(s), and/or teachers involved will be held prior to the schedule change.

High School

There will be a **four- (4) day** period allowed at the **beginning** of the **first semester** and a **two- (2) day** period at the **beginning** of the **second semester** for the processing of schedule changes. Only necessary changes will be made for the second semester. A conference with the administration, counselor, student, parent, and teacher involved will be held prior to a schedule change.

Procedures

1. Discuss your intentions with the teacher of the class or classes you wish to drop.
2. Find a class that will fill that hour.
3. Discuss your intentions with the teacher of the replacement class or classes.
4. Pick up “Request To Change Program” form from the counseling office.
5. Get needed signatures from teachers, parents and Principal.
6. Return completed forms by the 4th day of the first semester or on the 2nd day of the second semester.

Any changes in courses must adhere to one of the following approved criteria:

1. A change due to attendance or non-attendance in summer school
2. A change due to an unresolved scheduling problem
3. A change due to failure of a class in the previous term
4. A change due to college requirement
5. A change due to health reasons
6. A change due to faculty or counselor recommendation

PHYSICAL EDUCATION EXEMPTION POLICY

It shall be the policy of District #314 that students in grades 11 and 12 may request exemption from physical education for the following reasons:

1. The student is determined to be participating in interscholastic athletics/ marching band as certified by the appropriate district personnel.
2. The student provides written evidence from an institution of higher education that a specific course is required for admission. School district staff must verify that the student's present and proposed schedule will not permit completion of the needed course.
3. The student lacks sufficient course credit or one or more courses required by state statute or local school board policies for graduation. Students who have failed required courses, transferred into the district with deficient credits, or who lack credits due to other causes will be eligible to apply for this exemption.

Each request for exemption from physical education instruction is to be verified and eligibility determined on a case-by-case basis by school district staff. Every student excused from physical education course

requirements will be provided with a schedule which meets minimum school day requirements.

Exemptions from PE will not be counted towards graduation credit.

Approvals of exemptions will be for one semester only, but they may be renewed for additional semesters if circumstances warrant.

TITLE I

The Title I program is federally funded and designed to provide additional instruction for students in grades K through 5 who experience problems in developing reading skills. Small group instruction, strategies, and skills are available on a pullout basis, with eligibility determined by district assessment.

RTI (RESPONSE TO INTERVENTION)

Response to Intervention (RTI) is “the practice of providing high quality instruction/interventions matched to student needs and using learning rate over time and level of performance to make important educational decisions.” (*Batsche, et al., 2005*)

RTI is part of a systematic problem-solving process. West Carroll School District #314 has adopted the RTI approach to evaluate student needs for additional interventions. The interventions will address specific skill deficit areas. These interventions may be provided by the general education classroom teacher in small groups. The student may be pulled out for more intensive instruction at some point in the school day.

AREA VOCATIONAL CENTER - ELIZABETH, ILLINOIS

Each course taken at the Area Vocational Center (AVC) requires one-half of a school day.

1. A student may earn four credits for all courses taken at the AVC.
2. A student must have Junior Class credit status in order to attend the AVC unless the Principal grants an exception.
3. A student must have and maintain a 92% attendance rate for the previous semester at school and AVC.

WORK-STUDY PROGRAM

A Work-Study student who works on-the-job during the school day can earn .5 – 2.0 credits per semester, or 1 -4 credits for a year. Students must work during the school day to earn school credit. Credit is assigned by the following criteria:

Students who work 5 hours per week earn 1 credit

10 hours = 2 credits

15 hours = 3 credits

20 hours = 4 credits

A one semester classroom course is required for all work-study students.

Students participating in Work-Study Programs or serving as classroom aides will be graded on a Pass/Fail basis.

CORRESPONDENCE COURSES AND SUMMER SCHOOL

Primary School and Intermediate Schools

Students in grades Kindergarten through four are provided with a summer learning opportunity. Many students “lose ground” in reading and math over the summer break from school. This can be extremely detrimental to students that are already struggling to keep up during the regular school year. Our goal is to combat this loss for struggling students through clear and concise instruction tailored to meet individual needs during summer school. Summer school runs for four weeks at the beginning of the summer. Students attend Monday through Friday from 8:00 a.m. to 12:00 p.m. Busing is available to students, with bus stops available in all three towns. A free breakfast is also provided to students as they arrive for school each day.

High School

If a student has failed a course at West Carroll High School, he/she may take that course, or an approved substitute, from an accredited institution for credit toward graduation from West Carroll High School. Any course taken at another institution must be approved in advance by the West Carroll High School Principal and Guidance Counselor. Each course must be approved before registering for the course.

No more than three (3) semester credits from summer school, or three (3) courses, or 1 ½ credits, correspondence study, or courses taken outside of West Carroll High School will be counted toward graduation from West Carroll High School. The Principal has the authority to make exceptions to the above guidelines in order to meet students’ needs based upon the recommendation of the guidance counselor.

Credit will be awarded for correspondence courses only if the institution granting the credit is fully accredited by the North Central Association of Secondary Schools and Colleges, and:

1. the student has earned the credit prior to enrolling at West Carroll High School; or
2. the student has been granted permission by the Principal to enroll in a correspondence/ summer course.

Grades earned by correspondence/summer courses will count toward grade point average. Verification of credit must be made directly from the institution granting the credit. The student must pay all costs for correspondence/summer courses.

TRANSFER CREDIT

Students transferring to West Carroll Unit District #314 shall receive full credit for all courses for which credit was earned from other accredited schools. However, credit for work done in unaccredited schools shall only be allowed when, in the judgment of the Principal, the program of study and quality of work performed, is comparable or better than that offered at West Carroll. Where credit is denied, the student will be permitted to take a proficiency exam for credit. See additional information for a transfer student in the previous section entitled “Weighted Grades & Transfer.” After receiving instruction in a non-recognized or non-accredited school, a student who enrolls in the district will be assigned a grade level according to academic proficiency which will be determined by the school administration. Any portion of a student’s transcript relating to such instruction will not be considered for placement on the honor roll or computation in class rank.

PROCEDURE FOR TAKING COLLEGE COURSES

West Carroll High School students will be allowed to attend college courses or enroll in collegiate internet classes during the school year to access additional educational opportunities. These courses may replace 1 or 2 periods of class during the school day. Students will be required to follow enrollment and registration procedures of the college they choose to attend.

Students must have the written approval of parent, high school guidance counselor, and high school Principal. Credits may be used for high school graduation, or can be kept in escrow by the college. All semester college courses, regardless of semester hours, will transfer to West Carroll as one-half (½) credit. Unusual circumstances will be dealt with on an individual basis. The Superintendent has the authority to make exceptions to the above guidelines in order to meet students' needs based upon the recommendations of the high school Principal, guidance counselor, and parents, and:

1. Students must have senior standing.
2. Students may take only classes that are not offered by West Carroll High School, including the Area Vocational Center.
3. Students and/or their parents/guardians will pay tuition costs and provide transportation at no cost to the district.
4. Students will complete a request form stating the classes they wish to take, the college the class will be taken through, and if they want dual credit or dual enrollment.

Dual Credit

Students, with administrator approval, may be dually enrolled at West Carroll High School and Highland Community College and/or Sauk Valley Community College. This provision allows students to receive high school credit and college credit at West Carroll High School for the same classes with prior approval. Any high school credit earned in this manner will receive one-half (1/2) credit per semester course toward West Carroll graduation requirements.

In most cases there are prerequisites for dual credit classes. Please check with your guidance counselor for additional information. **Students will be responsible for tuition related costs and textbooks.** Dual Enrollment College grades and credits will be recorded on West Carroll High School transcripts and will be figured into GPA and class rank.

Advanced Placement Courses

Students enrolled in advanced placement courses at West Carroll High School during the second semester **will be required** to take the advanced placement exam in May and be responsible for the cost of the exam. There are fee waivers available from the College Board.

PROMOTION/GRADUATION

Promotion and Retention (Primary and Intermediate Schools)

The administration and professional staff shall establish a system of grading and reporting academic achievement to students and their parents and guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on classroom assessment and attendance. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Every teacher shall maintain an evaluation record for each student in the classroom.

The final grade assigned by the teacher cannot be changed by a district administrator without notifying the teacher. Reasons for changing a student's final grade include:

1. a miscalculation of test scores;
2. a technical error in a particular grade or score;
3. the teacher agrees to allow the student to do extra work that may impact the grade;
4. an inappropriate grading system used to determine the grade; or
5. an inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

Promotion and Retention (Middle School)

The general policy of the district is to encourage and assist each student to move along in a continuous growth pattern of academic achievement in harmony with normal social and emotional development. In arriving at a decision for either the acceleration or retention of a pupil, the combined views of the teacher, principal, and superintendent are taken into consideration. The results obtained from standardized achievement tests and class work assignments will be important factors in the decision. As a guideline to determining promotion, the students will be expected to pass 26 of 32 (or 80% of courses) quarters each year (out of a possible 8 courses per quarter). Eighth grade students not passing 26 of 32 (or 80% of courses) quarters will not be eligible to participate in the Promotion Ceremony at the end of the year. The building philosophy for determining acceleration, promotion, or retention will be what is in the best interest of the child after a careful evaluation of the advantages and disadvantages of alternatives.

Class Assignments

Class Assignments

Freshmen	-	less than 7 Credits
Sophomore	-	7 Credits
Junior	-	12 Credits
Senior	-	20 Credits

Students will only be reclassified during the fall of each school year. A student will not be considered a member of a class for which they have insufficient credits.

Class meetings will be held during the school year at the sponsor's discretion. All students belong to some class. Therefore, when class meetings are held during school hours, we expect every student to attend a meeting.

GRADE POINT AVERAGES FOR COLLEGE PURPOSES AND SELECTION OF THE VALEDICTORIAN AND SALUTATORIAN

Cumulative grade point averages are calculated at the end of each semester on a 4 point scale. (A= 4, B= 3, C=2, D=1, F=0). Semester grades are the only grades used in figuring grade point averages. Grades received in all courses are calculated into the average. This grading system will determine Valedictorian and Salutatorian G.P.A. Valedictorian and Salutatorian of the graduating class are designated after the 8th semester averages are finalized.

COMMENCEMENT CEREMONIES

Only those students who are enrolled during the current school year and have met all graduation requirements as established by the Board of Education and the State of Illinois by the date of the graduation ceremony will receive a diploma and be permitted to participate in commencement ceremonies. Students who finish their requirements after the date will receive their diploma after completing all requirements.

EARLY GRADUATION POLICY

The Board of Education believes that it is advisable for the great majority of students to complete a normal four-year sequence for high school graduation. However, there are instances where a certain student may be able to complete graduation requirements in less than four years and profit from an early graduation, with the approval of the student's parents, guidance counselor, high school Principal and Superintendent. A student who is granted early graduation will forfeit the right to participate in certain activities but is usually permitted to participate in graduation ceremonies. All early graduation requests must be discussed with the high school Principal by the end of the student's junior year. The Board of Education will hear the request and make a decision on approval.

ACADEMIC ELIGIBILITY FOR EXTRACURRICULARS

Selection of membership to extra-curricular activities is at the discretion of the teachers, sponsors, or coaches, provided that the selection criteria conform to the District's policies. In order to be eligible to participate in any **school-sponsored or school-supported athletic or extracurricular activity** (excluding band and band-related activities, chorus, and chorus related activities, drama and drama -related activities and FFA activities), a student must maintain a weekly passing grade in **7 of 8** courses at the high school and **8 of 8** courses at the middle school in which the student is enrolled (the grade is taken as a cumulative semester grade at the High School and as a cumulative quarter grade at the Middle School). Band, band activities, choir, choir activities, the fall play, and FFA activities are curricular events and are excluded from this requirement. Participation in dances, prom, and homecoming are exempt from this rule. Any student-participant failing to meet these academic criteria shall be suspended from the activity for 7 calendar days. Weekly eligibility will be calculated on Wednesday of every week. **Additionally, a student must pass 7 out of 8 semester courses at the High School in the preceding semester to be eligible to participate in IHSA activities during a semester at the High School.** For a student not qualifying under the semester requirement, the student will be ineligible for the entire semester. Additionally, the student must also comply with the rules for the activity and rules stated in the Student Conduct Code/Athletic Code.

Eligibility for extracurricular participation of students having an individualized education program or receiving reasonable accommodations pursuant to Section 504 of the Rehabilitation Act of 197 shall be subject to this policy unless otherwise determined by the student's educational team.

A student must be in school by 9:30 a.m. and remain in school the rest of the day to participate in/attend that day's after-school activities. An authorized, pre-arranged absence from the Principal will allow a student to participate/attend in that day's after-school activity. A student may participate in/attend weekend activities if a Friday absence was excused. Once competition has begun during a season, if a student is academically ineligible four times, he/she will be removed from the team.

ATTENDANCE POLICY

Philosophy

Good attendance is both essential to academic success as well as being an important characteristic of any vocation.

A student's educational development and learning is a process that is composed of a number of key elements. In addition to exams, papers, and homework assignments, the daily interaction between students and/or students and teacher are vital elements in the educational development of all students. Therefore, it is crucial that students attend school on a regular basis and refrain from any conduct that results in an unexcused absence.

Regular attendance in school is one of the major ingredients for academic success. Consistent attendance and punctuality are also characteristics that are valuable for success in future endeavors. Parents can assist us by encouraging their students to attend school regularly. According to the Illinois School Code, the only reasons a child may be absent from school are:

1. Illness
2. Funeral
3. Observance of a religious holiday
4. Family Emergency (as determined by administration)
5. Other situations beyond the control of the student, as approved by the Superintendent, Principal or designee.

Medical excuses:

Students will be required to provide an excuse from a medical doctor to have certain absences excused. They include the following instances:

1. **After a student has been ill for 5 or more consecutive days, an excuse from a medical doctor is required for that absence.**
 - a. **Additionally, if a student has been absent 10 or more consecutive days without a valid excused medical absence, he/she may be dropped from school.**
2. **After ten (10) accumulated single day absences in a year, students will be required to provide an excuse from a medical doctor for any subsequent absences.**

The Regional Truant's Alternative Program (TAP) specialist will be contacted after the student misses 2 unexcused absences, or no contact has been made by the parent, and/or if the student's attendance drops below 90%. The truancy specialist will meet with the parents and students to help encourage student attendance. Parents and students can be reported to the State's Attorney for chronic truancy in order to enforce compliance with the Illinois School Code relating to compulsory attendance.

The basic school attendance policies are as follows:

1. In the event of an absence, we require that a parent call the school and explain the reason for the absence. **Please call your child's attendance center before 8:00 a.m. on the day of your child's absence and leave a message regarding your child's absence. Please state your name, your child's name, and the reason for his/her absence (if ill, specify the nature of the illness).** The school answering machine is designed to take calls when no one is in the office so you can even call in the middle of the night. If the school is not notified within 24 hours of the absence, the student will be marked as unexcused.
2. The school will call parents if no communication is received (this is required by the State of Illinois under Senate Bill 730).

3. The school will also notify parents in the event of extensive and/or habitual absences.
4. Unless absolutely unavoidable, vacations are not recommended during the school year. Parents must submit, in writing, a request for vacation to the Principal's Office one week prior to the student's absence, and the student must fill out a Vacation/Absence Permission Slip from the office. Students will be granted an excused absence for 5 vacation days per year. Any days in excess of 5 vacation days may be considered unexcused. **The student will be required to turn in all make-up work on the day they return**, and upon return or prior to leaving, must schedule a time to make up tests, quizzes, labs, or any other in class activity based on teacher approval.
5. Students who have appointments will be given a pass to leave class at the designated time and must report to the office to sign out. Students are to bring back to the attendance office verification from their doctor or dentist when they return to school following their appointment.
6. An authorized, pre-arranged absence approved by the Principal will allow a student to participate in/attend that after school activity.
7. A student must be in attendance by 9:30 a.m. and remain in school the rest of the day to participate in/attend that day's after school activity.
8. Students with habitual tardiness or absences may be requested to submit a written document from their physician.
9. Recognition will be provided for students who maintain perfect attendance.
10. If a student is sent to school, it is expected he/she will participate in activities until 9:00 a.m. except on an emergency basis.

UNEXCUSED ABSENCES

Unexcused Absences: Reasons for unexcused absences shall include truancy, failure to have proper verification to explain an absence, any unauthorized departure from the building, and suspensions. Parents and students should be aware that any absence from school other than those listed in the excused or pre-arranged absence category is not acceptable and regarded as unexcused. Shopping, over-sleeping, hair appointments, missing the bus, or phone messages saying that the student is "not in," "absent," or "not coming," etc. are not valid reasons for missing school.

All absences which are not excused absences are classified as unexcused. **This would include those absences that would normally be excused but were not excused within 24 hours of a student's return to school or were not granted prior approval by the Principal or designee.**

The following list exemplifies absences which will not be excused regardless of parental consent or knowledge:

- A. "Skipping school"
- B. Employment that had not been approved by Principal for school purposes
- C. Baby-sitting
- D. Oversleeping/missing the bus
- E. Car problems
- F. Errands
- G. Other reasons not allowed by policy or not considered reasonable, acceptable or legal

An unexcused absence which, in the judgment of the Principal or designee, is for less than a legitimate reason will be subject to disciplinary action. A student will not be allowed to make up work for credit that he/she missed during an unexcused absence.

An unexcused absence will be given if parents or school authorities are not aware of the reason for the absence or if the reason is not acceptable.

The school board supports the principle that local school districts must have the responsibility for matters pertaining to student attendance. Further, the Board recognizes the following definitions:

TRUANT - a child subject to compulsory school attendance and who is absent without valid cause from such attendance for a school day or portion thereof.

CHRONIC OR HABITUAL TRUANT - a child who is subject to compulsory school attendance and who is absent without valid cause from such attendance for ten percent or more of the previous 180 regular attendance days.

TRUANT MINOR - a child to whom supportive services, including prevention, diagnostic, intervention and remedial services, alternative programs, and other school and community resources have been provided and have failed to result in cessation of chronic truancy or have been offered and refused. Using the definitions cited, the school district shall determine if the student is a truant, chronic or habitual truant or a truant minor. The Superintendent shall direct the appropriate school district staff to develop diagnostic procedures to be used with the student who is a truant, chronic or habitual truant, or a truant minor. The diagnostic procedures may include, but not be limited to, counseling services to the student and the student's parents/guardian, a health evaluation by the school nurse, use of peer groups, and clinical evaluations by local and/or state agencies. When the supportive services of the school district have been offered to the student, and if these measures prove ineffective and the behavior persists, the building Principal shall refer the matter to the Superintendent. The Superintendent may call upon the resources of outside agencies such as the Truant Office of the Education Service Region of the County. The School Board, Superintendent, school district administrators and teachers shall assist and furnish such information as they have to aid the Truant Officers in the performance of their duties.

In accordance with the School Code of Illinois, no punitive action, including out of school suspensions, expulsions or court action shall be taken against chronic truants for such truancy unless available supportive services and other school resources have been provided to the student.

Carroll County truancy protocol will be followed and the Regional Office of Education will be notified after two unexcused absences and will be updated after further unexcused absences.

TARDINESS

TARDINESS (based on per-semester accounting and per-class- Tardy to school up to 20 minutes)

- A. **Students will be considered tardy if they are not in the room when class is to begin.**
Punctuality is important. Students less than twenty minutes late first hour will be considered tardy. Students tardy to first hour must report directly to the office before reporting to class.
- B. The following is the procedure regarding tardiness to school
 1. First - Second tardy, warning
 2. Third - Fifth tardy, detention
 3. Sixth - Eighth tardy, 2 hour After-School Assignment.
 4. Ninth - Tenth tardy, In-School Assignment.
 5. Eleventh tardy, 1 day of suspension.
- C. The following is the procedure regarding tardiness to class
 1. First - Second tardy, warning
 2. Every tardy after the second tardy, detention

LATE ARRIVAL/UNEXCUSED PERIOD ABSENCES 8:20 TO 8:45

From 8:20 to 8:45, the absence is considered unexcused. The same holds true for each class period of the school day if the student is more than twenty minutes late to class. Students will not be able to make up work for credit if they received an unexcused absence. Parental excuses will not be accepted for oversleeping, transportation problems, errands, or items covered in unexcused absences.

UNEXCUSED ABSENCES/TRUANCY/LEAVING SCHOOL WITHOUT PERMISSION

(Based per-semester)

1. Truancy: A student is considered truant if he/she is absent from a class without the permission or knowledge of his/her assigned teacher, aide, administrator or parent.
2. **Unexcused absences.** (grades 6-12)
 - a. First Occurrence : Detention and Parent Contact
 - b. Second Occurrence : 2 hour After-School Assignment
 - c. Third Occurrence: 2 hour After-School Assignment
 - d. Fourth Occurrence : 1 day In-School Assignment
 - e. Fifth Occurrence : Administrative Review
 - i. The Administrator has the ability to modify consequences based on individual cases.
3. **Leaving the school building or grounds without permission or skipping class:** (grades 6-12)
 - a. First Occurrence: 2 hour After-School Assignment
 - b. Second Occurrence: 2 hour After-School Assignment
 - c. Third Occurrence: 1 day In-School Assignment
 - d. Fourth Occurrence: 1 day In-School Assignment and Parent Meeting
 - e. Fifth Occurrence: Administrative Review

REQUESTS TO LEAVE SCHOOL GROUNDS

1. Written permission forms to leave school grounds will be granted only for legitimate reasons such as medical appointments and emergency situations. (See "Excused Absences.")
2. Students who need to leave must acquire an office slip from the attendance secretary during the student's unscheduled time before school. If the student's appointment is at the start of school, the office slip should be secured the previous afternoon.
3. In order to receive an office slip, students should have a signed and dated note from their parent or guardian stating the reason for the request. **Students will not be allowed to leave school grounds without parental approval.**
4. Upon returning to school after using an office slip, the student must report directly to the attendance office before going to class to sign-in. Students who have had a professional appointment should bring a note from the office visited. Other absences must be excused by parental note or conference within 24 hours of the student's return to school.

5. Any student leaving the school grounds without an office slip during school hours must be under the direct supervision and accompaniment of a staff member. Students who may be operating a vehicle under such circumstances must obtain an office slip.

MAKE-UP WORK

EXCUSED ABSENCES: A student will be allowed to make up work for credit that he or she has missed due to any excused absence from class. The responsibility lies with the student to secure assignments upon return and turn work in the following day. Depending on the nature of the assignment, the teacher may allow an extra day for completion. The purpose of this guideline is to require students to complete work promptly. **Ultimately, it is the responsibility of the student to see to it that any missed work is made up.** After three consecutive full day absences, parents or guardians are encouraged to call the secretary before 7:45 a.m. to request homework that homework be collected for pick up.

A student has one day for every day missed to make up work for credit.

Students are encouraged to keep in contact with classmates concerning assignments and course work. If a student has difficulty in gathering assignments during a prolonged absence, the guidance office should be contacted. An “Incomplete” for a grade report must be made up within one week.

SUSPENSIONS: **The student will not be allowed any grace days for makeup work during a suspension.** All work assigned during a suspension will be due when the student returns to school. Assignments must be secured by the student either before or during the suspension (via the office) and be turned in when the student returns to school. Parents may call and request work from the student’s attendance center and may pick the work up.

COMPUTER/ELECTRONIC NETWORK ACCEPTABLE USE POLICY (AUP)

We are pleased to offer students of the West Carroll School District access to the District computer network giving the students access to thousands of libraries, data bases, and bulletin boards. To gain access to the network all students under the age of 18 must obtain parental permission. Parents/Guardians will need to fill out a permission form that is available during registration. Electronic network use must be consistent with the school’s goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. All must abide by existing Federal and State laws in force regarding electronic communication. This includes refraining from accessing information without authorization, giving out passwords, or causing a system to malfunction. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, restitution, and/or appropriate legal action.**

Acceptable Use – Access to the District’s electronic networks must be: for the purpose of educational research, be consistent with the educational objectives of the District, or be for legitimate school business use.

Privileges – The use of the District’s electronic networks is a privilege, not a right, and inappropriate use will result in cancellation of those privileges. The system administrator and/or school administration will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

- a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or Federal law;
- b. Unauthorized downloading of software, including, but not limited to, photographs, graphics, sound, video, or text;
- c. Downloading copyrighted material for other than personal use;

- g. Uploading pictures and names of students under the age of 18 on the network without staff and parent/guardian permission;
- h. Wastefully using resources, such as file space;
- i. Playing games on the computers or not working on a valid classroom assignment;
- j. Hacking or gaining unauthorized access to files, resources, or entities;
- k. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature, including a photograph;
- l. Using another user's account or password. If anyone is using your password or account, contact the system administrator immediately;

- n. Posting material authored or created by another without his/her consent;
- o. Posting anonymous messages;
- p. Tampering with or damaging keyboards, mice, or other hardware;
- q. Using the printers or other peripherals for anything other than classroom assignments, or printing documents longer than 10 pages unless given specific permission by staff.
- r. Using the network for commercial or private advertising;
- s. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
- t. Using the network while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, or use vulgarities, or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the network in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via the network to be private property.

No Warranties - The school and district make no warranties of any kind, whether expressed or implied, for the service it is providing. The school and district are not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The school and district specifically deny any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the school and district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school or district relating to, or arising out of, any

violation of these procedures. The district will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or building principal. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Copyright Web Publishing Rules - Copyright law prohibits the republishing of text or graphics found on the Web without explicit written permission.

- a. For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.
- b. Students engaged in producing Web pages must provide library media specialists with e-mail or hard copy permissions before the Web pages are published. Printed evidence of the status of "public domain" documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.
- d. The "fair use" rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Electronic Mail – The E-mail system is owned and controlled by the school and district. E-mail is provided to aid students in fulfilling their duties and responsibilities, and as an education tool.

- a. The school and district reserve the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an electronic mail account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the school district's Internet gateway carry with them an identification of the user's Internet "domain." This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school and district. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the electronic mail system constitutes consent to these regulations.

- **Due to the rapid change in technology, changes to the Acceptable Use Policy may be made during the school year at the discretion of the administration.**

Consequences:

1. First offense: Removal of computer access for up to nine weeks; no use in study hall; library, or a class setting in an unsupervised situation; student may stay in any computer class and receive classroom instruction.
2. Second offense: Removal for a minimum of nine and up to 18 weeks; no use in homeroom, library or class in an unsupervised situation; student may stay in any computer class in which he/she is currently enrolled.
3. Third offense: Removal of computer access for a minimum of one semester, including all classes the student may be currently taking.
4. Fourth offense: Permanent removal of computer access for a calendar year. Student will receive a suspension and be responsible for all costs of replacing any damaged equipment.
5. **A gross violation of the computer use policy could result in third or fourth offense consequences being invoked on the first through third violations. Examples would be the following: Destruction of equipment; accessing or utilizing banned materials, programs, or software; and tampering with files essential to delivery of instruction. To have electronic network access, a student must have a signed permission slip on file.**

***Students and/or their parent/guardian will be financially held responsible for damage to network hardware or software.**

COMPUTER TAMPERING

Students will be subject to disciplinary action if found guilty of tampering with any school computer, the electronic grading, or attendance program.

Parent/Guardian Responsibility

1. The parent/guardian should be aware that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages.
2. During school, teachers of younger students will guide them toward appropriate materials, but outside of school, Parent/Guardians bear the same responsibility for such guidance with information sources such as television, telephones, movies, radio, and other potentially offensive media.
3. Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. **The West Carroll Public Schools support and respect each family's right to decide whether or not to apply for access.**

**WEST CARROLL COMMUNITY UNIT DISTRICT #314
POLICY AND PROCEDURES FOR THE USE OF BEHAVIORAL INTERVENTIONS**

It is the purpose of this document to outline the procedure of West Carroll Community Unit District #314 relative to the use of behavioral interventions with students with disabilities. The fundamental principle of this procedure is that non-aversive or positive interventions designed to develop and strengthen desirable behaviors shall be used to the maximum extent possible and are preferable to the use of aversive and restrictive interventions.

The use of positive interventions is consistent with the educational goals of enhancing a student's academic, social, and personal growth. While positive approaches alone may not always succeed in controlling extremely inappropriate behavior, the use of more restrictive procedures should always be considered to be temporary and approached with caution and restraint. The use of restrictive interventions should maintain respect for the individual student's dignity and personal privacy and adhere to

professionally accepted treatment practices. All of the procedural protections available to students with disabilities and their parents under the Individuals with Disabilities Act (IDEA), including notice and consent, opportunity for participation in meetings, and right to appeal, shall be observed when implementing and/or developing behavioral interventions.

It is the intent of West Carroll Community Unit District #314 that interventions used with a student with disabilities will incorporate procedures and methods consistent with generally accepted practice in the field of behavioral intervention. Interventions that are considered non-restrictive are preferred because of the low risk of negative side effects and high priority placed on behavior change rather than behavior control. These interventions may be used without the development of a Behavioral Management Plan or inclusion in the student's Individual Education Program (IEP).

Restrictive interventions should only be used when a Behavioral Management Plan has been developed by the IEP team and included in the student's IEP or in emergency situations. Restrictive interventions shall be used for the minimal amount of time necessary to control the individual's behavior and shall be used in conjunction with positive interventions designed to strengthen appropriate behaviors.

When confronted with an emergency situation in which immediate intervention is needed to protect students, other individuals or the physical site from harm, school personnel may use an intervention that has not been delineated in the student's Behavior Management Plan. The emergency intervention selected shall be the least intrusive to reasonably respond to the situation. When an emergency intervention has been used with a student, the parents or guardians of the student will be notified as soon as possible. In addition, details related to the use of the emergency intervention will be documented.

West Carroll Community Unit District #314 shall maintain a Behavioral Intervention Committee to implement the district policy on the use of Behavioral Interventions. In addition, this committee shall monitor the use of restrictive interventions with students with disabilities.

This procedure has been developed based on a review of the document entitled "Behavioral Interventions in Schools: Guidelines for Development of District Policies for Students with Disabilities." This document was prepared by the Illinois State Board of Education and is dated June 30, 1994. A copy of these guidelines may be requested from the Illinois State Board of Education, 100 North First Street, Springfield, IL 62777-0001.

Rules of conduct are essential to the successful operation of any organization. West Carroll District #314's expectation of student conduct and school regulations apply to all school related activities, on or off school grounds. Below is a list of a few fundamental rules regarding school conduct.

General Rules:

1. Be courteous and respectful to other students and staff members.
2. Running, shouting, and conduct which could be injurious and/or disruptive to others is prohibited.
3. Follow the instructions of any staff member.
4. Keep the building and school grounds neat and clean.

4. There is to be no food or drink outside of the cafeteria unless permission has been granted by the lunch supervisor.
5. Students are to remain in the cafeteria unless approved by an administrator.
6. Talking should remain as indoor voices with no shouting. A general rule of thumb is that if you are not close enough to touch them, you are not close enough to talk to them using an indoor voice.

Assemblies:

1. Be courteous toward speakers, listen and no side talking.
2. Stomping, yelling, and whistling are not in good taste.
3. Leave the speaker with a good impression of our school through your good behavior.

3. A student who has been suspended out of school or expelled will not be admitted during the period of his/her suspension or expulsion.

5. If a student is asked to leave by an administrator or athletic director from any district extracurricular event, or if misconduct is reported to the administrator after the fact, the following consequences will be enacted:

1st offense: He/She will not be allowed to attend the next same-type-of-extracurricular district event during the school year.

2nd offense: He/She will not be allowed to attend any more district events of the same type that season.

3rd offense: Administrative Review.

All school rules apply to assemblies, extracurricular activities, field trips, and dances. Attendance at all of these events is a privilege. Students are expected to be respectful, to be courteous, and to behave appropriately.

PROHIBITED STUDENT CONDUCT

The school administration is authorized to discipline students for gross disobedience or misconduct, including, but not limited to:

1. Disobeying rules (student conduct) or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
2. Engaging in hazing or any kind of aggressive behavior that does physical or psychological harm to another, or any urging of other students to engage in such conduct. Prohibited conduct includes

any use of violence, force, noise, coercion, threats, intimidation, fear, harassment, bullying, hazing, or other comparable conduct.

3. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property, or violating any criminal law, including, but not limited to, assault, battery, arson, theft, gambling, eavesdropping, and hazing.
4. Being involved with any public school fraternity, sorority, or secret society by:
 - a. being a member;
 - b. promising to join;
 - c. pledging to become a member; or
 - d. soliciting any other person to join, promise to join, or be pledged to become a member.
5. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia and/or satanic worship.
6. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to be a threat or an attempted intimidation of a staff member; or endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is found any of the following places:

1. on the student's person;
2. contained in another item belonging to or under the control of the student, such as in the student's clothing, backpack, or automobile;
3. in a school's student locker, desk, or other school property; or
4. at any location on school property or at a school sponsored event.

Efforts, including the use of early intervention and progressive discipline, shall be made to deter students while at school or a school-related event from engaging in aggressive behavior that may reasonably produce physical or physiological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psycho-stimulant medication to the student.

The grounds for disciplinary action, including those described more thoroughly later in this policy, apply whenever the student's conduct is reasonably related to school or school activities by his/her presence at the following places:

1. On or within sight of school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event;
4. Anywhere the student is representative of the West Carroll District.

Disciplinary Measures

Disciplinary measures may include, but are not limited to:

1. Seizure of contraband.
2. Notifying parents/guardians.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Disciplinary conference.
6. Detention
7. After-school assignment provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher, the Building Principal, or designee.
8. In-school assignment for a period not to exceed 5 school days. The Building Principal or designee shall ensure that the student is properly supervised.
9. Suspension of bus riding privileges, provided that appropriate procedures are followed.
10. Suspension from school and all school activities for up to 10 days provided that appropriate procedures are followed. A suspended student is prohibited from being on school grounds.
11. Notifying juvenile authorities or other law enforcement whenever the conduct involves illegal drugs (controlled substances), "look-alikes," illegal use of legal drugs, alcohol, or weapons.
12. Community service with local public and nonprofit agencies that enhances community efforts to meet human, education, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
13. Expulsion from school and all school-sponsored activities and events for a definite time period not to exceed 2 calendar years, provided that the appropriate procedures are followed. An expelled student is prohibited from being on school grounds.

***At various times, the administration has the right to review a student's discipline status on a case by case basis.**

DISCIPLINARY REVIEW PROCEDURE

Grade level teams or the Administrator will hold disciplinary review conferences with students or students and parents as they feel necessary throughout the year.

DETENTIONS

Academic Detentions: Teachers may assign academic detentions which will be monitored in their rooms. Academic detentions will not be counted as regular staff detentions, but skipping an academic detention will be treated in the same manner as regular staff detentions.

Teachers will be assigned to monitor their own detentions in their rooms. Detentions will be 30 minutes in length and can be served before or after school. A detention can be assigned at the discretion of either the individual teacher or the office. Detentions are to be served within five school days upon receipt of the detention. The teacher and student will agree to the time of the detention.

If a student earns more than **four** staff detentions during the semester, then the following consequence will be applied:

5th detention – 2 hour After-School Assignment

Each subsequent detention will result in an After-School Assignment until the guidelines in After-School Assignment rule number nine have been met.

Failure to serve a detention as assigned will result in the assignment of a 2 hour After-School Assignment.

LUNCH DETENTIONS

A lunch detention is requiring a student to be detained in the office for 15 minutes during his/her assigned lunch. After 15 minutes or when the end of the lunch line has been reached, he/she will be released to the cafeteria to get his/her lunch and then will return to the office to eat. Students in lunch detentions are expected to bring homework or appropriate reading material, if time permits. Failure to serve a lunch detention will result in additional consequences. Lunch detentions will be given as necessary by the teaching team and administration.

Reasons students may earn a lunch detention include, but are not limited to:

1. Arriving unprepared for class (not having necessary supplies, book, etc)
2. Not dressing properly for PE class (2 times per quarter at the middle school)
3. Having incomplete or missing homework
4. Arriving tardy to class
5. Misbehaving in the hallway
6. Having gum, candy, or soda without teacher's permission
7. Failing to follow directions or a reasonable request made by a staff member

AFTER-SCHOOL ASSIGNMENT (ASA)

2. Students are expected to be in the After-School Assignment room with all of their materials by 3:05 p.m. Students who arrive after 3:05 p.m. will be sent home and considered as failing to serve their After-School Assignment.
3. Consequences for students who fail to serve a 2 hour After-School Assignment:
 - a. 1st offense: 1 day In-School Assignment
 - b. 2nd offense: day out of school suspension
 - c. 3rd offense: Administrative review
4. Students will be allowed to reassign an After-School Assignment under special circumstances that are approved by the administrator. This reassignment must be completed 24 hours prior to the assignment by having the parents contact the building Principal in person or by phone. (Students will be reassigned to the next After-School Assignment; failure to serve will be considered a skipping of After-School Assignment.)
5. Students may be asked to leave After-School Assignment for violation of any rules or for poor behavior or poor attitude. If a student is asked to leave, he/she will be assigned a one day out of school suspension.
6. Students must bring with them all materials needed to study during the assigned time.

- Students may not leave the class for any reason except during break.
7. Students may only speak with the staff member in charge.
 8. Students are to study and/or read during their time in After-School Assignment.
 9. After a student receives their sixth After-School Assignment, all subsequent After-School Assignments will become suspensions of up to ten days or possible expulsion.
 10. All of the steps are contingent upon administrative review.

Four Basic Rules for After- School Assignment

1. No talking
2. No sleeping
3. No eating
4. No electronic devices

IN-SCHOOL ASSIGNMENT (ISA)

2. Off school grounds at a school activity, function, or event.
3. Traveling to or from a school activity, function, or event on school provided or approved transportation.

The following types of student conduct constitute grounds for expulsion or suspension from school:

- A. Gross use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or other comparable conduct constituting an interference with school purposes or urging other students to engage in such conduct. For example:
 - i. Occupying any school building or school grounds without permission of a certified staff member.
 - ii. Blocking the entrance or exits of any school building or corridor or room therein with intent to deprive others of lawful access to, exit from, or use of the building, corridor, or room.

 - v. Prevention of or attempting to prevent by physical act the convening or continued functioning of any school or educational function, or any other lawful meeting or assembly on school property.
 - vi. Continuously and intentionally making noise or acting in any manner so as to interfere seriously with school purposes or an educational function.
 - 1. This subdivision shall not, however, be construed to make any particular student conduct a ground for expulsion where such conduct is constitutionally protected as an exercise of free speech or assembly or other right under the Constitution of Illinois of the United States.
- B. Causing or attempting to cause substantial damage to school property, or stealing or attempting to steal valuable private property, or repeatedly damaging or stealing private property. **Stealing or attempting to steal school property or private property will not be tolerated in this school. Recommendation for expulsion may be made on the first offense.** The Board will seek restitution from students for student acts that cause damage to school property.
- C. Engaging in any activity forbidden by the laws of the State of Illinois that constitutes an interference with school purposes or an educational function. Violating or repeatedly violating any rules that are reasonably necessary in carrying out school purposes or an education function.
- D. In addition to the grounds for expulsion or suspension above, a student may be expelled or suspended for engaging in unlawful activity on or off school grounds if the unlawful activity may reasonably be considered an interference with school purposes or an education function.

A. PRE-SUSPENSION CONFERENCE

The authorized administrator shall confer with any student who is under consideration for suspension prior to taking such disciplinary action.

- 1. Prior to or during a pre-suspension conference, the authorized administrator shall ascertain whether the student is a special education student or may be eligible for special education services. If so, the authorized administrator must follow the procedures set forth in Section G.
- 2. The students shall be advised of the reasons for the proposed suspension and the evidence in support of those reasons. The students shall also be afforded an opportunity to respond.
- 3. The authorized administrator conferring with the student shall make a written record of the conference.
- 4. After following the above pre-suspension procedures, the authorized administrator may then determine whether to suspend the student in accordance with section B.
- 5. When, in the opinion of the authorized administrator, a student poses an immediate threat to school personnel, other students, or school property, or poses an ongoing threat of disruption to the educational process, the student may be summarily removed from the school without holding a pre-suspension conference. A pre-suspension conference will be held as soon as practicable after the notice is received. Failure to attend the scheduled conference shall constitute a waiver of such conference. Regardless of the student's attendance at the post-suspension conference, the parents shall be advised by written notice of any subsequent disciplinary decision.

B. SUSPENSIONS NOTIFICATION

- 1. If the pre-suspension or post-suspension conference results in a decision to suspend, the parents of the student shall be advised immediately of the decision by written notice sent by certified mail, return receipt requested.
- 2. The notice to the parents shall include:

- a. A statement of the reasons for the suspension, including any school rule which has been violated
 - b. The dates and duration of the suspension
 - c. A statement of the parents' right to request a review of the suspension with the Board of Education
 - d. A statement that the failure to request such a review within five (5) days after of the notice, or eight (8) days after the date of the mailing, whichever is earlier, shall be deemed a waiver of the right to review hearing with the Board. Such a review will be at the regular monthly school board meeting
 - e. Notification of the right to be represented at the suspension review hearing by an attorney or other representative
 - f. A copy of the suspension review hearing procedures
3. A request to review the suspension may be oral or in writing, directed to the Superintendent's Office. Oral notification shall be confirmed in writing by a letter to the parents. If a request for review of the suspension is timely made, the parents of the suspended student shall be given written notification of the time and place at least one (1) week prior to the review with the Board of Education. If the parent, in requesting a review of the suspension, asserts that the student is a special education student, then the authorized administrator shall follow the procedures set forth in Section G.
 4. The authorized administrator, who shall forward a copy of the parental notice of suspension to the Superintendent or the Secretary of the Board, shall also notify the Superintendent and the Board of Education of the student suspension.
 5. When students are suspended from school, they are not allowed to attend school functions during that time.

1. A suspension review shall be conducted by the Board of Education or designee.
2. The Board may take such action after the review, as it deems appropriate, including affirming or overruling the suspension.
3. If the Board finds that a suspension was unjustified, the student records may be expunged of all notations regarding the suspension and any related student absences for disciplinary reasons shall be marked "excused."
4. The decision of the Board shall be final.
5. Written notification of the Board's decision with respect to the suspension review shall be mailed to the parents.

D. **PRE-EXPULSION PROCEDURES**

1. Prior to any recommendation for expulsion, the authorized administrator shall ascertain whether the student is a special education student. If so, then the procedures set forth in Section G must be followed. If the expulsion is preceded by a suspension, the suspension procedures set forth in Section B (regarding notification) must be followed, and the parents notified that a suspension review hearing will be combined with an expulsion hearing.
2. Expulsion notification:
 - a. The authorized administrator shall send a letter by certified mail, return receipt requested, to the parents of the student notifying them of the expulsion hearing.
 - b. The expulsion notice to the parents shall include:
 - i. A statement of the reasons for the proposed expulsion, including any school rule which has been violated.
 - ii. The potential maximum duration of the expulsion.
 - iii. The time and place of the expulsion hearing.
 - iv. A statement of the parents' right to be represented at the expulsion hearing by an attorney or other representative.

- v. A copy of the expulsion hearing procedures.

E. **GENERAL PROCEDURES FOR EXPULSION HEARINGS**

1. Hearing Structure

- a. An expulsion hearing shall be conducted by the Board of Education.
- b. The Board may take such action, after the hearing, as it deems appropriate, including affirming or over-ruling the proposed expulsion, or conditioning reentry of the student to school.
- c. If the Board finds that an expulsion was unjustified, the students' records may be expunged of all notations regarding the proposed expulsions, and any related student absence for disciplinary reasons shall be marked "excused." The student may be afforded an opportunity to make up all lost educational opportunities including, but not limited to, their class work.
- d. The decision of the Board shall be final.
- e. Written notification of the Board's decision with respect to the expulsion hearing shall be mailed to the parents. An expulsion may be effective immediately or as specified by the Board.

2. Hearing Procedures

- a. All student discipline hearings shall be held in executive session.
- b. The student may attend the hearing with his or her parents and may be represented by an attorney or other representative. If the parent or student does not attend, but the authorized administrator has proof of notice given and received, the Board may choose to proceed with or reschedule the hearing.
- c. The hearing may be recorded stenographically or by tape. If either party causes a recordation to be made, the other party shall be offered an opportunity to purchase a copy of the transcript or the tape.
- d. The Board shall determine and make findings on the following two (2) issues at the hearing:
 - i. The validity of the charges of gross disobedience or misconduct.
 - ii. The appropriate disciplinary measure if the charges are to be upheld
- e. If the student is a special education student, the Board must also follow the procedures set forth in Section G (Special Education Procedures).
- f. The hearing shall be conducted as follows:
 - i. At the commencement of the hearing, either party may request the exclusion of witnesses.
 - ii. The authorized administrator and the student may make short opening statements concerning both the charges of gross disobedience or misconduct and the appropriate discipline.
 - iii. The authorized administrator shall first present his evidence, including proof of compliance with Section F of this policy, if applicable. The student may cross-examine all witnesses in attendance and review any written evidence presented.
 - iv. The student may then present evidence to refute the charges. The authorized administrator may cross-examine all witnesses in attendance and review any written evidence presented by the student.
 - v. The Board may, at any time, direct questions to the parties or their witnesses.
 - vi. The authorized administrator and the student may make closing statements at the conclusion of the hearing concerning the issue of the appropriate discipline.
- g. The Board may receive all relevant oral or written evidence without regard to the legal rules of evidence but shall consider the weight of the evidence in determining the issues.
 - i. If the authorized administrator determines that any of his witnesses would be subject to physical or mental harassment or that an emergency exists, the authorized administrator need not present his witness at the hearing, but may present as evidence a written summary prepared by the absent witness of his testimony. The summary shall include the reason for the witness's absence and a

statement verifying that the contents of the summary are true. If an imminent fear of reprisal exists, the authorized administrator may also present a written statement in which the witness's identity has been concealed.

- ii. The Board shall not consider the student's academic or disciplinary records in determining the validity of the charges of gross disobedience or misconduct. The Board may review a student's records, however, in determining the appropriate discipline.

F. LESSER DISCIPLINARY MEASURES

Detention, probation, in-school suspensions, removal from the classroom, or other disciplinary measures may be imposed for student disobedience or misconduct warranting lesser penalties.

1. Students shall be notified of the rules, as established by the School Board, authorized administrator, local school, and/or classroom teacher which will lead to imposition of lesser disciplinary measures if violated.
2. Students shall have no right of review by the Board of Education for the imposition of the lesser disciplinary measures of this Section.

G. SPECIAL EDUCATION PROCEDURES

1. General

- a. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is, or results from, a behavior or a condition defined as an exceptional characteristic in Article 14 of the School Code. Any special education student whose gross misconduct or disobedience is unrelated to or does not result from his handicapping condition, as defined in Article 14 of the School Code, may be expelled pursuant to Sections D and E of this policy.
- b. A special education student may be suspended pursuant to Section E of this policy regardless of whether the student's gross disobedience or misconduct is related to his handicapping condition. A suspension of a special education student is not a change in educational placement.
- c. Notwithstanding Section G.1, a. above, any special education student may be temporarily excluded from school if exclusion is warranted because of the student's physical danger to himself, other students, faculty, or school property. During the period of temporary expulsion, the School District shall be responsible for developing and providing an appropriate educational program for the special education student.
- d. If the authorized administrator reasonably concludes that a non-special education student may be eligible for special education services, he shall not discipline the student immediately but shall refer him for a case study evaluation pursuant to the Special Education Rules and Regulations. If warranted, the authorized administrator may stay disciplinary proceedings until a case study report is completed and reviewed.

2. Suspension Procedures

- a. All pre-suspension, notice, and suspension review procedures set forth in Section E of this policy must be followed in suspending a special education student.
- b. At the time of a pre-suspension conference of a student ascertained as a special education student, the authorized administrator shall determine whether the student's gross disobedience or misconduct is related to or results from his handicapping condition. Such determination shall be made only after consultation with the appropriate personnel.

- i. If the authorized administrator reasonably concludes that the special education student's behavior is related to, or results from, his handicapping condition, the School District shall provide appropriate services to the student during any period of suspension.
 - ii. If the authorized administrator reasonably concludes that the special education student's behavior is unrelated to or does not result from his handicapping condition, the School District need not provide services during any period of suspension.
 - c. If the parents of a suspended student object to the suspension for special education reasons, whether prior to or at a review hearing before the Board, the parents shall be informed in writing that they may request a case study evaluation or a due process hearing pursuant to the Special Education Rules and Regulations.
- 3. Expulsion Procedure
 - a. Prior to making a recommendation to expel a special education student, the authorized administrator shall convene a multi-disciplinary conference to determine whether the student's act of gross disobedience or misconduct is related to or results from his handicapping condition.
 - b. If, at the multi-disciplinary conference, it is reasonably concluded that the special education student's act of gross disobedience or misconduct is related to or results from the student's handicapping condition, the authorized administrator shall not recommend expulsion. The authorized administrator may request review of the appropriateness of the education placement of the student in accordance with the Special Education Rules and Regulations.
 - c. If, at the multi-disciplinary conference, it is reasonably concluded that the special education student's act of gross disobedience or misconduct is not related to or results from the student's handicapping condition, the authorized administrator may recommend expulsion to the Board. The expulsion notice to the parents sent pursuant to Section D.2 shall also include two (2) additional statements that:
 - i. Any Board decision to expel the student will constitute a change in placement.
 - ii. The parents are entitled to all rights set forth in the Special Education Rules and Regulations, as available to the parents from the School District.
 - d. The expulsion procedures set forth in Sections D and E of this policy shall be followed in expelling a special education student.
 - e. In addition to the two (2) issues regularly determined at an expulsion hearing (see Section E. 2d.), the authorized administrator must present evidence and the Board must make a finding on a third issue: whether the special education student's gross disobedience or misconduct is unrelated to and does not result from his handicapping condition.
 - f. If the Board finds that the special education student's particular act of gross disobedience or misconduct was related to or resulted from his handicapping condition, then the Board shall not expel the student but may request a review of the student's special education placement or may temporarily exclude the student, as provided in Section G. 1c., pending a review of the student's placement.
- 4. Parental Objection to Expulsion
 - a. If the parents of a special education student, either prior to or at the expulsion hearing, object for special education reasons to the recommendation for expulsion, the Board shall:
 - i. Proceed with the expulsion hearing and determine the three (3) issues as set forth in Sections G. 3e. and E 2d.
 - ii. If the Board determines that expulsion of the special education student is appropriate, the Board will stay with expulsion pending results of the parents' request for proceedings under the Special Education Rules and Regulations.
 - i. Temporarily exclude the special education student, if warranted, pursuant to Section G. 1c.

- ii. Commence appropriate proceedings pursuant to the Special Education Rules and Regulations.
- b. If the parents of an expelled special education student, after the expulsion hearing, object for special education reasons to the recommendation for expulsion, the Board shall:
 - i. Proceed with the expulsion hearing and determine all three (3) issues as set forth in Section G. 3e. and E. 2d.
 - ii. If the Board determines that expulsion is appropriate, the expulsion will not be stayed by the parents' objection, but shall go into effect, as provided by Section E.
 - iii. Commence appropriate proceedings under the Special Education Rules and Regulations.

DELEGATION OF AUTHORITY

Each teacher, and any other school personnel, when students are under his or her charge, is authorized to impose any disciplinary measure (including, but not limited to, warnings, missed recess, lunch detentions, sentence writing, and after-school detentions) other than suspension, expulsion, corporal punishment or in-school suspension that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated educational employees, and other staff providing a related service for or with respect to a student may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Principal, or Assistant Principal is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus up to 10 consecutive school days. The School Board may suspend a student from riding the bus for safety reasons in excess of 10 school days.

GRIEVANCE PROCEDURE

Student and parent complaints should be directed to the following people until the complaint is resolved:

1. The faculty or staff member directly involved.
2. The Principal
3. The Superintendent
4. The Board of Education

CLASSROOM DISCIPLINE

All classroom teachers will develop basic classroom rules of acceptable conduct based on Illinois School Code and West Carroll School Board Policy. They are responsible for necessary and proper standards of discipline on a daily basis in their teaching areas.

It is recognized that cooperation and support from the Principal, Superintendent, and Board of Education are essential for the implementation of necessary and proper standards of discipline.

Disciplinary action appropriate to age and grade level will be taken by school authorities. Parents will be notified whenever it is considered necessary. Students may be kept after school for failure to do work or as a disciplinary action, as well as to receive individual academic help. Parents will be notified ahead of time should this occur. Students who disrupt the educational process may be removed from class for an undetermined period of time. Students will climb a discipline ladder for repeated disruptive and inappropriate behavior.

Elementary Discipline

Discipline steps could include a warning, missing recess, eating lunch in the office, sentence writing, detention, or suspension. Students may be assigned to the office during their Special classes (Art, Music, P.E.) if the problems occur in that Special class during the previous session. Consequences may increase in severity as determined by the number of offenses. Discipline is assigned at the discretion of the Principal.

ACADEMIC INTEGRITY **CHEATING AND ACADEMIC DISHONESTY**

Academic dishonesty by a student degrades the student's character and reputation, and impedes the teaching-learning process. Any action intended to obtain credit for work which is not one's own is considered academic dishonesty or cheating. The action may include, but is not limited to, the following:

1. Submitting another student's work as one's own.
2. Obtaining or accepting a copy of tests or scoring devices.
3. Giving test questions or answers to members of a later class and/or obtaining test questions or answers from members of an earlier class.
4. Copying from another student's test or computer file or allowing another student to copy during a test or computer program.
5. Using materials which are not permitted during a test.
6. Plagiarizing (presenting material as one's own original work when, in fact, the material is copied from a published source without adequate documentation).
7. Copying, or having someone other than the student prepare the student's homework, paper, project, computer program, or take-home test for which credit is given. This includes the purchase of essays or projects for the express purpose of submitting them for a grade.
8. Permitting another student to copy an assignment, or completing another student's homework, project, report, research paper, computer program, or take-home test.
9. Accessing restricted computer files without teacher authorization.
10. Copying materials, including computer software, in violation of the copyright law.
11. Any cellular communication device used to communicate academic work.

Those who are involved in cheating or academic dishonesty are subject to penalties, including one or more of the following:

1. First offense: Grade of zero on test or assignment and an After-School Assignment.
2. Second offense: Grade of zero on test or assignment, 1 day suspension, and parent meeting with Principal.
3. Third offense: Administrative review.

SEARCH AND SEIZURE

To maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School property, equipment, and personal effects left by students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers and desks), as well as personal effects of a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these locations or in their personal effects left behind.

The Administrator may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials. These searches may be conducted with the use of specially trained dogs.

Students

School authorities may search a student and/or any personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there are reasonable grounds for suspecting that the search will produce evidence that the student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner which is reasonably related to its objectives, and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school's or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

INSUBORDINATION/ DISRESPECT TO STAFF

As a West Carroll student, one has the absolute obligation and responsibility to follow oral and written instructions from any staff member and to identify oneself to any staff member in regard to all aspects of one's behavior and conduct at school and school activities. Insubordination to an administrator will automatically be under administrative review. Willful and deliberate refusal to do so is insubordination and may result in a suspension not to exceed ten school days. In addition, discipline measures may include an expulsion recommendation. Verbal or physical abuse of school personnel, destruction or theft of personal property of school personnel, or use of profane words or gestures towards school personnel may result in a suspension not to exceed ten school days and a possible expulsion.

- 1st Offense: After-School Assignment
- 2nd Offense: 1 day Out of School Suspension
- 3rd Offense: 3 day Out of School Suspension
- 4th Offense: 5 day Out of School Suspension

CELL PHONES /ELECTRONIC DEVICES

IPODs, hand-held video games, laser pointers, cameras, pagers, electronic signaling devices, telecommunication devices (including, but not limited, to cellular radio telecommunication devices, cellular phones and picture cellular phones)

During the school day all cellular phones should be turned off and kept in the student's car or locker or be turned into the teacher. A student may not carry a cellular phone on his/her person during the school day. A student may not use his/her cellular phone to take pictures or video during the school day. Electronic devices are not to be used or in plain sight in the restrooms or locker rooms at any time. Using a cellular telephone or other electronic device in any manner that disrupts the educational environment, including

using the device to cheat, signal others, or otherwise violate the student conduct rules or other District disciplinary policies and/or procedures, is subject to discipline. Any such use is prohibited, and students or staff seeing violations of this provision should report the observed violation to a teacher or administrator.

SEXTING

Sending, receiving or possessing sexually explicit or otherwise inappropriate pictures or images, commonly known as “sexting” is not allowed in the West Carroll School District. If you receive sexually explicit or otherwise inappropriate pictures or images, you are to immediately report it to an Administrator (or a staff member if the Administrator is not available). Students who are in possession of or who have sent sexually explicit or otherwise inappropriate pictures or images will receive consequences.

DRESS AND APPEARANCE CODE

West Carroll students need to follow two basic rules regarding dress code. All students shall dress in a manner that **reflects self-respect and the fact that they are in an academic setting.**

The following guidelines have been established to help students accomplish this goal. Because the guidelines provide for a great freedom of choice, variation from the code will not be tolerated.

1. Blouses, shirts and camisoles must not be worn in a revealing manner. Shoulders must be covered with a minimum of one-inch wide straps. **NO BARE MIDRIFF, NO PLUNGING NECKLINES REVEALING CLEAVAGE,**
2. Short shorts or short skirts are not to be worn. Clothing which poses safety issues or has holes/slits in them that are in poor taste or are revealing are not allowed. The guideline for mid-thigh is defined as "A student standing in an upright position with arms hanging along the side of the body when the fingertips are touching the thigh." **NO UNDERGARMENTS OR BUTTOCKS SHOWING.**
3. Clothing made of spandex or similar material (biking shorts) may not be worn unless other clothing is worn over it from shoulder to mid-thigh.
4. Clothing that advertises drugs, alcohol, or tobacco, or has suggestive or obscene materials written or displayed on it may not be worn. Vulgar, obscene, or violent messages on clothing will be treated as vulgar/obscene language or expression.
5. Outerwear: Coats, jackets, coveralls, gloves, sunglasses, **hats**, and other headgear are not to be worn in the building. Carrying these items within the building is also prohibited unless the student is directly entering or leaving the building.
6. Excessive jewelry of any kind (chains, chain wallets, studded accessories, drug, gang, or cult related jewelry, etc.) is not to be worn.
7. Students who have courses that require safety equipment or special dress codes must adhere to wearing the proper equipment and/or clothing.

When a student is not properly dressed, teachers have the authority to request the student to change attire. The student may be sent to the Principal's office and excluded from classes until arrangements for acceptable attire can be made, if the student is cooperative. Repeated infractions will lead to disciplinary action ranging from parental notification to possible out of school suspension.

TRANSPORTATION

Conduct on the bus

All students who ride buses or other school vehicles are required to conduct themselves properly in order to ensure safe transportation. Guidelines for proper conduct are as follows:

1. Students should be at their designated loading zones on time. In addition, students should never leave the zone area, bus, or destination point without the consent of the driver or the supervising teacher.
2. Stay off the road at all times while waiting for the bus.
3. Be careful in approaching the place where the bus stops. Do not move toward the bus until the bus has been brought to a complete stop.
4. When the temperature is under 32 degrees, appropriate outerwear needs to be worn i.e.: a warm winter coat, hat, and gloves.
5. After boarding the buses, students will not be allowed to leave without the permission of the bus driver.
6. Students are required to keep their hands, heads, and arms inside the bus at all times.
7. Students are required to remain seated when buses are in motion.
8. Excessive loud talking, inappropriate language, harassment, horseplay, and fighting will not be tolerated on the bus.
9. No eating on the bus or carrying animals on the bus. (Students with diabetes have medical exemption and may carry and use emergency glucose sources.)
10. Students will not be permitted to “litter” the buses. A trash receptacle will be provided on each bus.
11. Be alert to a danger signal from the driver.
12. Be absolutely quiet when approaching and crossing railroad crossings.
13. Remain on the bus in the event of a road emergency until instructions are given by the driver.
14. Bus drivers will report excessive and habitual misconduct to the administration. The following steps will be taken by the administration:
 - a. Parents will be notified
 - b. The privilege of riding the bus is revocable (if suspended, a student will not be allowed to ride in any school transportation vehicle for any reason)
 - c. The length of the revocations will depend on the circumstance of the individual incidents
15. **Students should provide written request from parents for bus transfer passes.** The privilege of bus transfers should not be abused by excessive requests.
16. Bus drivers have complete responsibility and authority while driving school buses. Bus drivers also have the general prerogative to enforce any other rules and support safe transportation.
17. All guidelines are designed to aid the bus drivers and, consequently, the total school district in providing safe transportation.
18. Students are not allowed to use or have in plain sight cell phones, radios, headsets, or any other electronic devices on the bus. These items will be confiscated and held in the Principal’s office until the end of the day.
19. Students riding the bus to & from school **are not** allowed to leave school property prior to the start of school or prior to leaving school.

Student behavior on the school bus to and from the school and school sponsored events falls under the guideline of conduct during the school day. Inappropriate behavior on school buses will not be tolerated. Bus offenses will start over at the end of one calendar school year (August through June).

1st Offense: Warning by driver and reported to administration with a written statement or interview by the driver and student

2nd Offense: Driver will assign the student a seat on the bus.

3rd Offense: Possible suspension from riding the bus for one or two days

4th Offense: Possible suspension from riding the bus for three to five days

5th Offense: Suspension for five days and Administrative review

During a bus suspension, the student is expected to be in attendance at school or the absence will be unexcused. A suspension from any bus will result in a suspension from all school provided transportation.

Parents will be notified of all offenses by written notification. This will be logged in student's records. Severe behavior problems on the bus may be handled differently than the above criteria of discipline.

Parents or legal guardians who must provide transportation to and from school because free transportation is not available for their children may be eligible to receive money from the state to help offset some of the cost. For example, bus fares or mileage reimbursement for private automobiles at .505 per mile.

If you answer yes to the following questions you may be eligible to receive reimbursement for providing such transportation.

1. Will the pupil be under the age of 21 at the close of the school year?
2. Is the pupil a full-time student in grades kindergarten through 12?
3. Does the pupil either live 1 ½ miles or more from the school or live less than 1 ½ miles from school but **must be transported** due to a serious safety hazard approved by the Illinois Department of Transportation? (See the following paragraphs)
4. Does the pupil attend a school within Illinois which meets Illinois compulsory attendance laws?
5. Did the parent/guardian incur transportation expenses resulting from transporting the pupil to and from school?

If you answered yes to the above questions, live in Illinois, and wish to file a claim, you must go to the school where your child is enrolled by June 30, 2010, to submit claim information. You may provide claim information to appropriate school personnel at your child's attendance center until June 30, 2010.

In addition, parents/guardians who have pupils living **less than 1 ½ miles** from the school attended must verify that a safety hazard due to vehicular traffic exists by completing an Application for Determination of Serious Safety Hazards. Parents can obtain a copy of the Application for Determination of Serious Safety Hazards from the Office of the Regional Superintendent of Schools for the county in which they reside **except** parents residing within the City of Chicago. Chicago residents can receive a copy of the Application for Determination of Serious Safety Hazards from the Illinois State Board of Education, Division of Funding and Disbursement Services, 100 North First Street Springfield, IL 62777. All applications for Determination of Serious Safety Hazards must have been received no later the February 1, 2011, at the office from which the application was requested. Example: ISBE (Chicago residents), ROE (Illinois residents other than those residing in Chicago). The Regional Superintendent of Schools is required to send the Application to the Illinois Department of Transportation within 15 days. The Illinois Department of Transportation reviews and approves or denies the application and returns it to the Regional Superintendent of Schools within 30 days. Upon receipt of the reviewed application, the Regional Superintendent of Schools will mail it to the parent/guardian who requested the safety hazard to be verified. **If the safety hazard is approved, the parent/guardian must go to the school the pupil attends to submit claim information.** Parents who received verification of a safety hazard during and after the 2000-2001 school year, whose children attend the same school, and who live at the same address do not have to reapply for safety hazard verification.

Once all claim information is submitted at the school, it will be transmitted electronically to the Illinois State Board of Education. If your claim information is approved, you should receive a check directly from the state for the lesser of the cost of transporting your child/children or the average per pupil reimbursement paid to public schools for transporting regular education pupils. If insufficient funds are appropriated by the General Assembly, all claims will be prorated.

If you have any questions, please call or come to the school as soon as possible.

AUTOMOBILES/VEHICLES

Students who are licensed to drive by the State of Illinois may apply for permission to use the High School's parking lot. The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

The first three rows closest to the building are reserved for staff/visitors along with the east side angle parking. These parking areas **MAY NOT** be used by students at any time. Student vehicles parked in these lots may be ticketed or towed at the discretion of the administration

1. After a vehicle arrives in the school parking lot, it must be parked and all occupants must immediately leave the vehicle.
2. Students may not return to their vehicle without special permission from the High School office.
3. Student vehicles must remain stationary once the buses have started to depart.
4. Students have no reasonable expectation of privacy in cars parked on school grounds. School lots can be searched by contraband dogs, administration, and police officers. Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Students should be aware that items and spaces on school grounds are subject to search and view by others and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.
5. The speed of any vehicle on school property is not to exceed 10 MPH.
6. Any student who engages in any unsafe or disruptive action with a vehicle is subject to discipline.
 - a. First offense: Warning
 - b. Second offense: After-School Assignment,
 - c. Third offense: Administrative review.
7. A car may be towed if it is parked in a reserved parking spot or poses a safety issue.

SPECIAL EDUCATION RIGHTS

West Carroll C.U.S.D. # 314 offers a full range of free special education services and programs to meet the needs of exceptional or disabled students. Programs are developed to supplement, support, modify, or replace the regular program. The special education services include mentally handicapped, learning disabled, emotionally disturbed, speech and language, hearing and vision, Occupational Therapy, and Physical Therapy. Related services are available through a social worker, psychologist and itinerant staff from Northwest Special Education. For further information contact the building Principal.

SPECIAL EDUCATION

The West Carroll C.U.S.D. #314 Special Education Program is organized on the basis of three major divisions; they are as follows:

1. **Instructional Program:** This division is designed to meet the education needs of students who devote 50% or more of their daily schedule to special education. The remaining 50% or less of the daily schedule operated on an "inclusion" basis. This means students are integrated into the regular curriculum for all music, art, physical education, recess, lunch, etc.
2. **Resource Room Program:** This division is designed to meet the education needs of students who devote less than 50% of their daily schedule to special education. This is spent in two (2) ways; 1) Pull-out – The student works on skills on an individual basis or 2) Inclusion – The resource room teacher enters the regular classroom and works cooperatively with the regular education teacher, modifying classroom work as necessary. The resource room, by definition, encompasses more grades and, therefore, operates on the principle of serving a wide range and number of students for less time per student.
3. **Speech Program:** The goals and objectives of this department are oriented to meet specific speech and language needs of students who have developmental delays. Since this area of special education also applies to all grades, it also encompasses a wide range and number of students on the basis of more limited time per student.

Please be advised that for some of the related services, if provided for your child by the district, the district may be able to obtain some reimbursement from the State Medicaid Program. As a State approved Medicaid provider, it may be necessary for the district to share the following information with the State Department of Medicaid Administration on a monthly schedule: Your child's name; date of birth; name of need service, such as speech-language pathology; service provided, such as speech-language assessment; how much service was provided, such as 30 minutes of speech-language assessment service; and date or dates of service. Please understand that the district's receipt of Medicaid reimbursement for any of the related services listed above will, in no way, eliminate or reduce Medicaid funding for any other health services that are being or may be provided for your child outside of the school, for example, by doctor, a clinic, or a hospital.

If you have any questions or want more information about the district's Medicaid reimbursement activities, please contact the district superintendent. If you do not want the district to share any or all of the above information with the State Medicaid Agency, please notify us in writing within ten (10) school days after you receive this Handbook.

HEALTH EXAMINATIONS AND IMMUNIZATIONS

The State of Illinois requires all students entering preschool, kindergarten, sixth grade, and ninth grade for the first time to have a physical examination. Evidence of a physical must be provided on Illinois Department of Public Health school examination forms signed by physician, nurse practitioner, or physician's assistant (chiropractors are not acceptable). The health record must also include proof of immunization for communicable disease.

All health requirements must be met by September 1st of the school year in which they are required. Communication with the parent is required, and a parent conference will be held to deal with failure to meet these requirements. Students who do not meet these requirements prior to the September 1st deadline will be excluded from school until such time as these requirements have been completed and returned to the nurse at the school building where the student is enrolled, as is required by law. Any child not meeting these requirements by this date will be reinstated by the administration upon receipt of evidence of completion of all requirements. Unusual circumstances will be dealt with on an individual basis by the administration. The school's nurse will be involved in this process.

New students enrolling from out of state or out of the country for the first time at any grade level at West Carroll CUSD #314 shall have 10 school days from enrollment to complete the Illinois school health certification and immunization requirement. New students transferring in from within an Illinois school will be deemed in compliance with these requirements until school records are received from the transferring school and reviewed by the school nurse.

In addition, students who are entering Kindergarten, 2nd and 6th grades for the first time are required to have a Certificate of Dental Examination completed and turned in to the West Carroll nurse prior to May 15th of the school year in which it is required. Illinois requires an eye examination by a qualified practitioner to be completed by students entering Kindergarten or at any grade level if enrolling for the first time in an Illinois school. Forms for eye exams must be completed and turned in to the school nurse prior to October 15th of the school year in which it is required. Failure to comply with the state requirement for dental or eye exams will result in report cards being withheld until these are scheduled. All forms for these requirements are available on the district website.

MEDICAL SERVICES/MEDICATIONS

The school district employs nurses and/or health aides, with hours and location of personnel determined by building administrators based on student needs. School health care providers offer emergency and first aid services only, as available. Parents will be contacted and are responsible for any additional care needed.

The use of medications at school is discouraged unless absolutely necessary. Please confirm with the doctor that any medicine must be taken at school, since medicine needed three times a day can generally be taken before school, after school, and at bedtime. Medication taken daily in the A.M. should be given at home unless specified by the doctor to be given at school.

If it is necessary for a student to receive prescription or non-prescription medication during school hours, a medication form must be completed. These are available in the school offices and on the school website. The form must be filled out in its entirety.

Medication brought to school must be taken to the office immediately at the start of the day. Medication must be in the original package. No medication is to be kept in a student's possession, desk, or locker, with the exception of epi-pens and asthma inhalers.

In addition to the physician's written order, the school must receive a written request, signed by the parent or guardian, that the medication be given during school hours. The request must include the parent/guardian's name and a phone number where they can be reached in case of emergency or problem with the medication.

Administering medication during school-related activities, i.e. games or field trips, is discouraged unless it is necessary for the critical health and well-being of the student. In such instances, a student may self-administer with parental consent and the School Medication Authorization Form on file in the office. Medication shall be stored in a locked container in the office for safe-keeping. Only asthma inhalers and epi-pens may be carried by competent students.

All medications provided to the school are to be picked up by a parent or responsible adult prior to the last day of pupil attendance. Any medications left in the building after that day will be destroyed. We will not send any medication home with the student.

ILLNESS

The teacher or supervisor should send any student who becomes ill or injured while at school to the office. School personnel must contact the parent by phone before the student will be allowed to leave school. The teacher and parent may talk, if needed, before sending a student home.

Students should be excluded from school if they show symptoms such as:

1. Fever above 101 degrees
2. Vomiting and/or diarrhea
3. SEVERE cold, cough
4. Severe pain
5. EXTREME fatigue
6. Communicable disease
7. Undiagnosed rash or eye infections
8. Ringworm, head or body lice, until treated

Exclusion for health concerns may be made at the discretion of the nurse or health aide, in accordance with IDPH communicable disease rules, and may require a physician's statement for readmission.

ACCIDENTS

Any accident in the school building, on the school grounds, or at any school-sponsored activity must be reported immediately to the person in charge or to the school office. The school has the responsibility to provide immediate first aid, contact qualified medical personnel as deemed necessary, and contact parent, legal guardian, or authorized emergency contact and apprise them of the situation.

If EMS transport is necessary, the school official will follow procedure per Emergency Plan. School official refers to the Superintendent, Principal or designee.

Accident reports must be completed for all school related accidents. This pertains to students as well as staff and visitors. Forms need to be filled out immediately after the accident by the supervising teacher. Forms can be obtained from the office.

EMERGENCY CLOSINGS

In cases of bad weather and other local emergencies, please listen to the local radio or television stations listed below to be advised of school closings or early dismissals. School closings for any reason will be announced by 6:00 a.m. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information. The school may also use an automated phone system for emergency closing notification.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal.

If we dismiss early, the administration will decide whether or not there will be any after school activities.

The radio and television stations that will usually be notified by 6:00 a.m. in the event of school closings or other cancellations are as follows:

Also, this notebook will double as a hall pass. Therefore, a student asking permission to leave a classroom must have his/her assignment notebook signed by the classroom teacher/office before leaving his/her assigned area. If the planner is lost, it is the responsibility of the student to replace it at a cost of \$6.00. **A student must use his/her own planner.**

10. At the conclusion of all recesses, students will line up until directed by playground supervisor to return to the school building.

Weather conditions such as snow, ice, rain, and wind chill will be monitored closely for students going outdoors for recess. Length of recess outdoors may be modified based on the weather conditions.

STUDENT RECORDS RIGHTS

The District maintains two types of school records for each student: *permanent* record and *temporary* record. These records may be integrated.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (eligible students) certain rights with respect to the student's education records. They are:

1. **The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.**
 - a. The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. Parents/guardians or students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they want to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying, but no one will be denied his/her right to copies of his/her records for the inability to pay this cost.
 - b. The rights contained in this section are denied to any person against whom an order of protection has been entered concerning a student (105 ILCS 5/10-22.3c, 105 ILCS 10/5a. and 750 ILCS 60/214(b)(15)).

2. **The right to request the amendment of the student's education records that the parent/guardian or eligible student believes is inaccurate, misleading, irrelevant, or improper.**
 - a. Parent/guardian or eligible student may ask the District to amend a record that they believe is inaccurate, misleading, irrelevant, or improper. He/she should write the school principal or records custodian, clearly identify the part of the record they want changed, and specify the reason.
 - b. If the District decides not to amend the record as requested by the parent/guardian or eligible student, the District will notify the parent/guardian or eligible student of the decision and advise him or her of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA of Illinois School Student Records Act authorizes disclosure without consent.**
 - a. Disclosure is permitted without consent to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, such as disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
 - b. A school official has a legitimate educational interest in the official need to review an education record in order to fulfill his or her professional responsibility.
 - c. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or Federal law. Before information is released to individuals described in this paragraph, the parent/guardian will receive prior written notice of the same nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.
 - d. The right to challenge school student records does not apply to: (1) academic grades for their child and (2) references to expulsions or out-of-school suspensions if the challenge is made at the time the student's school student records are forwarded to another school to which the student is transferring.
 - e. Disclosure is also permitted without consent to any person for research, statistical reporting, or planning provided that no student or parent/guardian can be identified; any person named

in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities, when necessary for the discharge of their official duties, who request information before adjudication of the student.

4. **The right to a copy of any school student record proposed to be destroyed or deleted.**
 - a. Student records are reviewed every four years or upon a student's change in attendance centers, whichever occurs first.
5. **The right to prohibit the release of directory information concerning the parent/guardian's child.**
 - a. Throughout the school year, the District may release directory information regarding students, limited to name, address, gender, grade level, birth date and place, parent/guardian names and addresses, academic awards, degrees, honors, information in relation to school-sponsored activities, organizations, athletics, major field of study, and period of attendance in school.

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Building Principal within 30 days of the date of this notice. No directory information will be released within this time period unless the parent/guardian or eligible student is specifically informed otherwise.

ASBESTOS-CONTAINING BUILDING MATERIALS MANAGEMENT PLAN

The West Carroll School District #314 Asbestos Management Plans have been prepared pursuant to the Asbestos Hazard Emergency Response Act (AHERA, 40 CFR 763) for each school in our District. Copies of the Management Plans are available in each school office and at the office of the Superintendent of Schools. These plans are available for your inspection during normal school hours and during other times by special arrangement. Should you desire to review these plans, please make an appointment with the building Principal or the Superintendent of Schools.

INTEGRATED PEST MANAGEMENT PROGRAM

The State of Illinois has mandated that an Integrated Pest Management (IPM) program be used in controlling insect pests in schools. IPM programs will include the use of a variety of pest management tools including non-chemical and chemical choices. District #314 has an IPM program that incorporates building maintenance, sanitation, physical barriers, and pesticide application. District #314 contracts with a local pest management service to assist in our program. You may request prior notification four days in advance of any pesticide application if you wish. Call the District office if you would like your name on a notification list. Our pest management service is not responsible for providing prior notification in instances where there is an imminent threat to health or property. Examples of such instances include pesticide applications where the insects may spread to numerous locations if immediate procedures are not taken to control them. Our pest management service uses pesticides that are low in volatility, and, when making interior applications, will place these materials into cracks and crevices or use child-resistant bait stations for their placement. A list of the pesticides will be supplied to the school on an annual basis.

STATEMENT OF NON-DISCRIMINATION

It is the policy of West Carroll School District #314 not to discriminate on the basis of disability or sex in access to, use of, or employment in the School District's programs, services, and activities pursuant to Title IX of the Education Amendments of 1972, the Rehabilitation Act of 1973, and the Americans with Disabilities Act. The School District has designated the Superintendent as their coordinator for implementing these statutes. He can be contacted at 801 South Street, Thomson, Illinois, or by calling 259-2735. Please contact him with any questions or concerns between 8:00 a.m. and 4:00 p.m., Monday – Friday.
