West Carroll Active Positive COVID-19 Cases 2021 Reporting Form

- This reporting form has been created to allow for transparency in the West Carroll School District. This reporting form will be updated when new cases are reported to the district and confirmed by the health department. After two weeks, the individual will no longer be considered an active case and will be removed from the total active count.
- It is critical to maintain confidentiality of the student or staff member as required by the Americans with Disabilities Act, the Family Education Rights and Privacy Act, and the Illinois School Student Records Act.
- All individuals testing positive have been removed from the classroom setting and are able to attend school as remote learners/educators. In addition, individuals considered high-risk (within 6 ft. of positive individual) have been notified by district nurses and moved to remote learners/educators. Low-risk individuals will also receive a letter from the school nurse.
- West Carroll School District is committed to working in partnership with the Carroll County Health Department to ensure the safety of all students and staff attending the West Carroll Schools. If you should have any questions, please contact the following people:
